

How to Create Service Delivered Billing Entries (SDs) for Daily Residential Services

Residential services in eXPRS include Adult Group Homes, Children’s Group Homes and Children’s Host Homes. As of July 1st, 2022, all these are billed as a Daily service in eXPRS¹. This guide shows two options to bill for them:

- 1) **Create Service Delivered by Single Authorization** – Allows billing for one individual (including absences).
- 2) **Create Service Delivered Entries from Multiple Service Authorizations²** – Allows billing for multiple individuals.

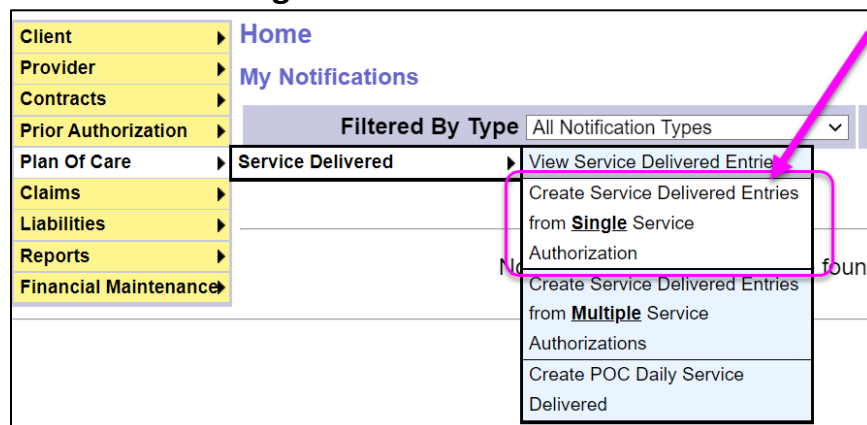

If you have absences to report, you’ll want to begin by billing for those individuals by using the 1st option. Afterwards, you can bill for all remaining individuals at one time using the 2nd option.

Users will need the following role to take these steps:

- **Provider Agency Claims Manager**

Create and Submit Residential Service SDs for One Individual:

- 1) Log in to eXPRS and select **Plan of Care** → **Service Delivered** → **Create Service Delivered Entries from Single Service Authorization**.

¹ This change from a Monthly to a Daily service **does not** change the processes for providers to collect **Room & Board** and/or **Service Contribution** (A.K.A. “The Client Offset”) amounts each month from the payees for the individuals they serve.

² This method can only be used to bill for Adult Group Homes (SE50), Children’s Group Homes (SE142) and Children’s Host Homes (SE152).

- 2) On the **Create Service Delivered from Single Service Authorization**, enter search criteria and select **Find**.

TIP: You can narrow your search by entering a **Service Element**, such as SE50, SE142, or SE152 along with the **Effective & End Date**.

- 3) The Result List will show any active authorizations that can be billed against. Select the **Dollar Sign (\$)** on the far right to bill for the service.

Name	Service Location/PSW	SPA#	Proc Code	Modifier	Rate	Units	Unit	Frequency	Begin	End	
DEMO, PERSON - xyz0000a	Agency SE50 123 Any St - 1*****1	48***68	ORAGH - Adult Group Home	NA - Not Applicable	NA	1.00	Days	Day	7/1/2022	6/30/2023	\$

- 4) In the **Service Delivered by Service Authorization > Create Multiple Draft SDs** section, you can now bill for the dates that you provided the Daily Residential Service to the individual.

- 5) Once the **Draft SDs** are created for each date, select an **SD Modifier Reason** for any absences you are reporting and select **Save All**

Select	Date	Billed Units	Status	SD Modifier Reason

Buttons: Save All, Cancel Changes

TIP: Whenever you enter an **SD Modifier Reason**, always select the **Save All** button, otherwise the selection will not save.

6) Now that **SD Modifier Reasons** are selected and saved, check the boxes to the far left of the SD billings, and then click **Submit**.

Create and Submit Residential Service SDs for Multiple Individuals:

- 1) Select **Plan of Care** → **Service Delivered** → **Create Service Delivered Entries from Multiple Service Authorization.**

TIP: This option allows you to bill for all of your individuals receiving residential services in a single calendar month. If you need to create SDs for multiple months, you'll need to follow these steps for each month.

- 2) In the **Create Service Delivered from Multiple SPA's** page, enter Search Criteria and select **Find**.

The screenshot shows the 'Create Service Delivered from Multiple SPA's' form. It has several input fields: Client Prime, Provider ID, Service Location, DHS Contract Num, SPA #, Service Element, Procedure Code, and Svc Modifier Cd. Below these are 'Effective Date' (5/1/2022) and 'End Date' (5/31/2022), both highlighted with a pink box. At the bottom, there are 'Find' and 'Reset' buttons, with a pink arrow pointing to the 'Find' button.

TIP: The date range defaults to the current month, but can be changed as needed. No other criteria are needed unless you want to more specific results.

- 3) The Result List will show any active authorizations that can be billed against. Check the box next to authorizations you want to bill for, then select **Continue**.

<input checked="" type="checkbox"/>				152	ORCHH	NA				5/1/2022	9/30/2022

TIP: Select the **All** checkbox to bill for every authorization. Even if you have already billed for an individual, you can still check this box. eXPRS will not create duplicate SDs if it finds another SD for that individual/service/date.

- 4) On the **Enter Service Delivered Dates** page, modify the date range needed, then select **Continue**.

Enter Service Delivered Dates

* **Service Begin:** 5/1/2022

* **Service End:** 5/13/2022

TIP: Draft SDs for each date in the date range will be created for all individuals selected in Step #3, and only for service dates that fall within the date range of the selected SPAs. Future dated billing is still not allowed. You can only bill up to the current date.

5) On the **Service Delivered Draft View** page, a list of all **draft** SDs that have been created will display.
